

## The New SPECTOR Demonstration Facility

**Now available!**

With our new demonstration facility your customers and employees will gain hands-on experience of our newly-developed electrodes. If desired we can also send you one of our highly qualified and experienced training representatives to conduct seminars, training courses and presentations in your company.

Probe into the new generation of industrial electronics / boiler equipment. Discover and see for yourself the high safety standard and versatility offered by our innovative new bus-based electrode systems.

**Rental fee:**

Spector demonstration facility: DM 100 per day

Training representative for presentations or seminars: DM 100 per day

For technical details refer to attached WORD file.

**Interested?** Please contact Mr Arno Wessalowski, GESTRA GmbH, Marketing,  
Tel.+49 421 3503-325 <mailto:awessalowski@gestra.de>

GESTRA is a global leader in the design and production of valves and control systems for heat and process fluid control. Being a member of the Invensys group, we are capable of offering our customers complete and intelligent solutions engineered to function with maximum reliability.

Our products and services have many practical applications and are employed where

- steam is generated, distributed or used
- fluids flow
- energy saving is possible
- environmental protection and safety-oriented control systems are needed..
