

## GESTRA multimedia

### Our new Multimedia CD ROM now available in English!

On this CD ROM we present the great diversity of our product range, provide guidance on the fundamental subjects of boiler plant equipment und design optimization and show the history of GESTRA in the course of time. Gain a new perspective while experiencing a three-dimensional ride through our valves.

#### You will also find on the CD:

- Steam Trap Selection Program for Windows,
- "GESTRA - Product Range" ,
- GESTRA Specification Texts,
- A virtual shopping trolley for putting together products and sending enquiries.

We are sure that this extensive reference medium with most detailed product information and technical highlights justifies the price of DM 20.

**Interested?** Please contact Mr Michael Hinte, GESTRA GmbH, Marketing,

## GESTRA - The Steam Experts

---

GESTRA is a global leader in the design and production of valves and control systems for heat and process fluid control. Being a member of the Invensys group, we are capable of offering our customers complete and intelligent solutions engineered to function with maximum reliability.

Our products and services have many practical applications and are employed where

- steam is generated, distributed or used
- fluids flow
- energy saving is possible
- environmental protection and safety-oriented control systems are needed.
