

## GESTRA Images

We have just put the finishing touches to our new Photo CD-ROM which will certainly be of considerable use to you when creating promotional and technical documents.

On this new CD-ROM you will find all the photographs that have been digitized up to now. In addition, it also contains pictures of applications and presentation slides and charts. Altogether there are 120 graphics stored in a file format used by printshops. All images have been professionally captured and digitized and comply with our corporate identity guidelines, which means they not only view the products and their respective applications but also arouse the customer's interest and curiosity.

Farming out the digitization of the graphics alone would have cost about DM 10,000 - let alone the overheads incurred. We therefore consider DM 1000 a fair price.

With this unique PhotoCD all pictures of GESTRA products and installation examples are only a mouse-click away and can be easily pasted in presentation documents and technical publications or used for posters and exhibitions.

We look forward to the pleasure of receiving your order.

## GESTRA - The Steam Experts

---

**Interested?** Please contact Mr Michael Hinte, GESTRA GmbH, Marketing,  
Tel.+49 421 3503-356 <mailto:mhinte@gestra.de>

---

GESTRA is a global leader in the design and production of valves and control systems for heat and process fluid control. Being a member of the Invensys group, we are capable of offering our customers complete and intelligent solutions engineered to function with maximum reliability.

Our products and services have many practical applications and are employed where

- steam is generated, distributed or used
- fluids flow
- energy saving is possible
- environmental protection and safety-oriented control systems are needed.
